

B&T Magazine floorplate with 20-rds reduction

B&T Magazine floorplate with 20-rds reduction

This special magazine floorplate was designed to reduce, the capacity of 25 or 30 rounds magazines to APC9, MP9/TP9, GHM9, KH9 or P26 about 20 rounds. The "limiter"-floorplate is simply switched for the standard floorplate. The body, spring and follower of the magazine are continued to use. The floorplate can easily be exchanged within a few minutes.
